IMPROVED GLOBAL RECOGNITION FOR AAFM ® QUALIFICATIONS

The AAFM ® Academy of Financial Management (International Board of Standards) and its membership has been recognized by several very distinguished US-based bodies.

The American National Standards Institute (www.ansi.org) is the US institute that oversees the creation, promulgation and use of thousands of norms and guidelines that directly impact businesses in nearly every sector. ANSI is also actively engaged in accrediting programs that assess conformance to standard. The AAFM ® International Board of Standards was last year officially made a member of ANSI, ICE, NOCA, NBEA, and the ISBE and we are proud to add global recognition to our growing international credibility.

The National Organization for Competency Assurance (NOCA) is a non-profit, 501(c)(3) organization dedicated to providing educational, networking and advocacy resources for the credentialing community. NOCA's accrediting body, the National Commission for Certifying Agencies (NCCA), evaluates certification organization for compliance with the NCCA Standards for the Accreditation of Certification Programs. AAFM ® is pleased to have been awarded membership status with NOCA giving our members even more recognition in the critical USA marketplace. George Mentz, AAFM ® International's Founder and Charter Member of the Board commented that "the AAFM ® Academy of Financial Management continues raise the bar. We are the first to require government accredited education and the 6 key standards for certification of: Education, Ethics, Continuing Education, Assessment, Degree, and Experience. The NOCA, ANSI, Arab Academy, and India Institute recognition is just another example of how the Board is working to improve the branding of AAFM ® and the credibility of our Certifications and Charter Designations in the marketplace..."

3) Legal Notice March 2009 - Brett King Resigned and Quit his training position and has no rights to use any AAFM® Board's intellectual property. All authentic Certifications must be issued from the AAFM ® USA offices. There are no exceptions

Dear AAFM® Global International Members

Legal Notice - For over a decade, The AAFM® Board of Standards and our accreditation council has been the official certification body of the Academy Globally. All authentic and notarized Certifications must be issued from the AAFM ® USA offices. There are no exceptions.

In March of 2009, Brett King quit and resigned from his Training Position in Dubai and resigned any link to the AAFM ® Brand . We were sad to see Brett Quit and Resign in Writing. The AAFM ® Board then closed the offshore training offices in Dubai UAE and terminated the license to any offshore activity in connection to Mr. King or his unauthorized certificate printing. If anybody needs a copy of Brett's Resignation letter, we can forward this sad news along to anyone who needs it. Mr. King also signed a contract and confession in the United States where Mr. King is forbidden from using any of the AAFM Intellectual property or selling any similar goods.

Mr. King quit and was legally terminated from the training office after he quit in march of 2009. King's only claim or connection to the USA charter-founding offices was the "previously recognized" training office in Dubai of which Mr. King Resigned his position in writing. When Mr. King QUIT, he terminated all legal connection between himself and the Global AAFM organization, but his Intellectual Property Confession Contract survives.

Mr. King's termination and resignation was 100% complete because he resigned all legal association to the USA Founding Certifying Board. There is no legal link between Mr. King and anybody. Any false claim by Mr. King is completely rejected and flawed in international contracts law or international agency law because he quit in writing. Further, Mr. King signed an IP Protection Agreement i.e "A legal Confession", that he has no rights whatsoever to any AAFM IP, copyrights or trademarks.

Mr. King was never in any Founding Board leadership position or never a director of the US founding company, and Mr. King was warned and notified repeatedly that he had Zero rights to our AAFM intellectual property. To make things worse, the IAFM was created by AAFM Leadership in 2004 without Mr. Kings knowledge because he was not part of the brand leadership team.

Mr. King is free to work and we wish him well with his book BUNK 2.0, but Phishing, Fraud, Counterfeiting and Identity Theft are illegal in most every country, and we again plead with Mr. King to cease selling unauthorized diplomas to people in Asia, Arabia, Africa and India. We wish Mr. King the best and we were sad to see him terminate his involvement with our AAFM International Company.
